To Whom It May Concern:

I first met Hiba Tahir at the University of Southern Mississippi while working as an editor at the college's newspaper, *The Student Printz*. Hiba demonstrated an exceptional writing talent and ability to connect to the audience in her feature, news and editorial articles. Hiba consistently presented ideas, tackled in-depth stories and completed well-researched articles.

During the 2016-2017 school year, I was chosen as the executive editor of the newspaper and did not hesitate to promote Hiba to the position of entertainment editor. Hiba met the challenge of balancing her academics (Honors College and a full 21-hour course load), writing stories, editing stories, writing a novel in her spare time, and creating her own award-winning column. Not satisfied with the amount of work she took on, Hiba learned photography on her own time and became the editor of USM's undergraduate research journal *The Catalyst*.

Hiba Tahir was born to be a writer. She has a fresh perspective, the ability to manage several projects efficiently, a grammatically sound background and the drive to continually learn. Hiba is an accomplished woman who will surpass your expectations and any challenge put before her. Please feel free to contact me with any questions at Cam.Bonelli@ecm-inc.com

All best,
